AZMAT MENTOR PROGRAM & AZ CENTER FOR RURAL HEALTH

EPISODE #11 WITH ALYSSA PADILLA AND
DR. BEN BRADY

ONE EXTREMELY VALUABLE PROVIDER RESOURCE IS THE AZMAT MENTORS PROGRAM!

Providers offering medication assisted treatment (MAT) services are a necessary and critical component to combating the opioid epidemic that is killing nearly seven Arizonans a day. With roughly 70% of Arizona designated as a medically underserved area, and the unique barriers for patients living in these areas, we need every provider possible to provide care when able. Whether you are a new provider, or new to MAT, you don't have to navigate these treatments alone!

The AzMAT Mentors Program will pair an experienced MAT provider with you to help familiarize yourself with treating this patient population.
